Amount of Grant: \$10,000

Please answer the following questions. Feel free to attach a separate sheet.

How did the unrestricted fund strengthen your organization?

The unrestricted funds allowed for the purchase of small equipment (large screen, lap top and speakers to enhance the ability of KKMI to host events in the space. This equipment ensures that there is audio-visual capability on site for use by community partners. These funds also supported the graphic design and printing of the 50th Commemoration follow up materials for contributors, participants, policy makers and partners. These materials are being used to communicate to the broad audience the work that has been done in 2018, the momentum of the movement and the vision for 2019.

Describe the specific successes achieved as a result of receiving the unrestricted funds from Impact 100 Greater Indianapolis.

The purchase of the audio-visual equipment allowed KKMI to host a diverse array of organizations to use the space for their convenings. This included the Indianapolis Metropolitan Police Department, the Indy Chamber, IU Health, the Mitch Daniels Leadership Forum, the Kennedy King Neighborhood Association, Ball State University and the Peace Learning Center. These convenings allowed KKMI to not only expose the meeting participants to the Park and its' history, but to also pilot the use of the space as a convening center for difficult conversations. Many of these organizations have followed up with KKMI for volunteer projects, funding and

future convenings. This broad base of exposure has contributed to the expansion of the KKMI support base.

The follow up materials have not only served as a communication tool but also a fundraising tool as many of the people who received these materials have demonstrated their ongoing commitment to the work through a financial contribution.
