

Impact 100 Greater Indianapolis Residual Grant Final Report Form

Organization: NeuroHope of Indiana

Contact Person Name and Title: Chris Leeuw, Executive Director

Address: 6002 Sunnyside Rd.

City, State, Zip Code: Indianapolis, IN 46236

Email and Phone: chris@neurohopewellness.org, 317-525-8386

Amount of Grant: \$5,000

Please answer the following questions. Feel free to attach a separate sheet.

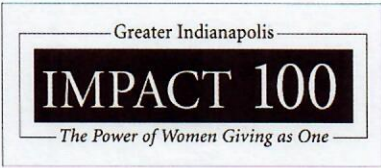

1. How did the unrestricted fund strengthen your organization?

NeuroHope relies on partnerships and fundraising to offset the cost of the very discounted (and sometimes pro-bono) services it provides for patients in need.

The Impact 100 residual grant was used to assist with NeuroHope's 2018 general operating fund. Since NeuroHope charges only \$50 per patient visit (instead of a \$300-\$400 fee that traditional healthcare providers charge), grants and donations are needed each quarter to bridge a gap in revenue. The residual grant from Impact 100, combined with other fundraising initiatives throughout the year, provided the support necessary to keep our services strong!

2. Describe the specific successes achieved as a result of receiving the unrestricted funds from Impact 100 Greater Indianapolis.

Thanks to support from Impact 100 and other donors and community organizations, NeuroHope is proving that patient-centric healthcare outside the boundaries of insurance allowances is possible, and can thrive! In 2018, our clinic treated 66 patients (20% growth from 2017). We also began a new treadmill training program, and a new neuromuscular electrical stimulation program for our clients. These programs are research-based, and are the only programs of their kind available in Indiana. Pictures of these two unique therapy programs are included.
